PROJECTS

TopFX
Front end developer

TopFX have been providing liquidity solutions to brokers and other investment firms since 2010. Today, along with our Prime Services, we enable all types of clients to trade over 600 assets with institutional-grade conditions and first- class customer support.

Responsibilites:

- Developed Fully responsive website templates for 3 versions (SC, CY, BM).
- Email Templates for TopFX, API Implementation, Maintenance

Tools: HTML, CSS, Bootstrap, Javascript, Jquery
Links: https://topfx.com.sc/en, https://topfx.com/en, https://topfx.com.bm

MOFA Profiling (QATAR Government)
Front end developer

This was a project of Qatar Government that involve creating a dashboard for ministry of foriegn affairs. The dasboard have countries, countries states, country leaders, state leaders. Selecting a country and submiting the form will provide country information including rules, popular news channels, languages, their supreme leader. MOFA will be able to download them as pdf or docs file. similary they can get and download state info, leaders info.

Responsibilites:

- I developed responsive front-end template for the dashboard
- Developed pdf and docs design using html css

Tools: PUG, CSS, SASS, Bootstrap, Webpack, NPM, Jquery, AzureDevop
