ABOUT ME

Frontend Developer with 5+ years of experience building responsive, user-friendly web interfaces and translating functional requirements and design concepts into working web applications. Experienced in HTML5, CSS3, JavaScript, React.js, Next.js, Bootstrap, and Tailwind CSS, with a background in Figma, Adobe XD, and PSD-to-code development.

Familiar with REST API integration, asynchronous data fetching, dynamic content rendering, and debugging frontend issues. Able to work with existing designs or develop practical UI layouts independently based on project requirements. Focused on writing clean, reusable code and delivering responsive, maintainable web experiences.
